to to school.

This wholesale method of making he regulars schoolmasters has a lelicious flavor about it.

Some philanthropist wanted to onvert them by the same method—that is to order them to get relight to the same method.

The better way would be to see that they are set to work at such that say are set to work at such that says they are set to work at such that says they are set to work at such that says they are set to see they have the set of the

Royal Baking Powder

Strongest, Purest, Most Economical.

Strongest, Purest, Most Economical.

As to whether any of the baking powders are equal to the "Royal," the official tests clearly determine. When samples of various baking powders were purchased from the grocers, and analyzed by the United Stees Government Chemists and the Chemists of State and City Board of Health, the reports revealed the fact that the "Royal" contained from 28 per cent, to 60 per cent, more leavening strength than the others, and also that it was more perfectly combined, absolutely pure, and altogether wholesome. As most of these powders are sold to consumers at the same price as the "Royal," but the combined and the same price is an average sawing of over one think, besides the advantage of assured purity and wholesomeness of food, and of bread biscuit and cake made perfectly light, sweet, and palatable.

The official reports also reveal the presence, in other powders, of alum, line or subplurie acid, by which their use is mide a matter of grave danger to the consumer.

Whenever a baking powder is said at a lower price than the "Styad" or with a gift, it is a serving powder or the property of the
